

Evaluation of the “Professional Learning Ecologies for Digital Scholarship: supporting professionalism in the data-driven university” project by the Ethics Committee of the UOC

Dr. Marta Aymerich, president of the Ethics Committee of the Universitat Oberta de Catalunya

CERTIFIES

That the Committee has evaluated the proposal submitted by Juliana Elisa Raffaghelli regarding the “Professional Learning Ecologies for Digital Scholarship: supporting professionalism in the data-driven university” project. And in which she will participate by collecting, sharing, and having access to research data,

AND

That regarding the “Professional Learning Ecologies for Digital Scholarship: supporting professionalism in the data-driven university” project:

- The ability of the researchers and their collaborators, and the facilities and resources available are adequate to carry out the study.
- The established experimental protocol ensures the integrity and dignity of the participants.
- The protocol is adequate to the objectives of the study and the possible risks and discomfort for participants are adequate given the expected benefits.
- The procedure for obtaining informed consent of participants, including the information sheet, and the procedure for the recruitment of subjects are adequate.
- The researchers of the project will ever respect the obligations derived from the Spanish Law 15/1999 on Personal Data Protection, General Regulation on Data Protection 2016/679 and the current complementary legislation.

Having met on May 28th 2019, and having considered the ethical implications concerning human experimentation and the processing of personal data, this committee APPROVES “Professional Learning Ecologies for Digital Scholarship: supporting professionalism in the data-driven university” project.

For the record, I sign this document in Barcelona, May 28th 2019.

Signed:
